

altmore

Dear Tracy,

I have been a patient of Nick Fabbri since he took over at Altmore and even though I moved to Norfolk in 2007 I continue to travel back to London for my appointments. I am really pleased with the friendly advice and treatment I receive at the practice from Nick and from the hygienists. Two years ago I had veneers done and I am still thrilled with them. I regularly receive compliments on my smile and they look great in photographs!

Kind regards,
Yvonne
